[Thread closed, now I want to open](#)

I accidently clicked on the "Close Thread" link and now I want to open it again. How do I do this? I dont see an option to "Open Thread"

[Re: Thread closed, now I want to open](#)

Its at the same place where you had the "close this thread" link before, named "reopen thread".

Yeah. Guess it was a cookie thing. I refreshed the window and there it was

Thanks
