[Smileys](#)

Hi,
I've just set up phorum on one of our sites. It is under trial but I like it so far. I have made a bunch of smileys for use and I am quite happy for others to use them if they want to.
Find them at
www.dancersdoittomusic.com
under the **Announcements** section Message Inclusions.

Hope they are of use to someone else.
Best Regards
Kenneth

[Re: Smileys](#)

You can use smileys from my forum. Here's a direct Link to the smileys, some things in german, but still usable, I think... I did not create the smilies myself but think these are public.
