[register forum can't send email](#)

register forum can't send email

caution this?

Warning: mail() [function.mail]: Failed to connect to mailserver at "localhost" port 25, verify your "SMTP" and "smtp\_port" setting in php.ini or use ini\_set() in D:\wwwroot\zhangguohua\wwwroot\Core-phorum\_5\_2\_23\include\email\_functions.php on line 268

~~~~~  
so i open "Send mail through SMTP" this Modules configuration it

but caution this?

Fatal error: Class 'SMTP' not found in D:\wwwroot\zhangguohua\wwwroot\Core-phorum\_5\_2\_23\mods\smtp\_mail\phpmailer\class.phpmailer.php on line 1235
