[SOLVED] Trac / Ticketing authentication issues

Thomas Seifert / January 19, 2011 07:46PM

[\[SOLVED\] Trac / Ticketing authentication issues](#)

In case you tried to report some bug or issue you might have noticed: we currently have authentication issues with the trac system we are using for that.

These will be solved in the next couple of days - we'll keep you updated.

[Re: Trac / Ticketing authentication issues](#)

These issues are now resolved. You should be able to login with your **Support Forums** account, no need to register a new account. Please keep in mind that only authentication is exchanged. You will still need to enter your email address in preferences in trac if you want to get notifications about changes to tickets or alike.
