i did a quite big rework of the old 3.3.1a Phorum and in november 2002 i officially started this on sf.net. please check it out, and tell me what do you think. now it is quite different from the original Phorum

[[sourceforge.net](#)]

thanks

Hey, I just finished hardening the Server here and i was wondering if someone that knows how to hack web servers can try and hack my server. most likely he won't succeed but i wont to make sure i did a good job. My site is [www.parkavebmw.com](#) As i said the site is bullet proof but you can never be too sure.
