[password only login?](#)

does anyone know how to change the login process to password only rather than username+password?

whoa! / March 10, 2004 04:38AM

[Re: password only login?](#)

Hey, I just finished hardening the Server here and i was wondering if someone that knows how to hack webservers can try and hack my server. most likely he won't succeed but i wont to make sure i did a good job. My site is www.parkavebmw.com As i said the site is bullet proof but you can never be too sure.
